ANNAPOLIS.

Propose to Publish by Subscription,

THE DECISIONS
OF THE COURT OF APPEALS
OF MARYLAND.

To be Reported by Thomas Harris, Esquire, Clerk of the Court of Appeals, and Revere Johnson, Esquire, Attorney at Law.

These Decisions will form a continuation of the first volume of Reports already published by Messrs Harris and Johnson, which closes with the year 1805. It is proposed to publish the Decisions in a Series of Numbers, each to contain not less than one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived, possesses advantages which give it a decided preference to that of publishing the Reports in bulky volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the expense will not be so sensibly felt.

TERMS.

The price of each number of the Reports will be \$1.25, payable on delivery.

Subscriptions to the above Work are received at Shaw & Gambrill's Store, the Maryland Gazette Office, and the respective Offices of the County Clerks of this state.

St. John's College.

The visitors and governors of St. John's College, being desirous to render this Institution as extensively useful as may be practicable; and to diffuse the benefits and blessings of education, as far as is in their power, have reduced the price of tuition money to 24 dollars per annum. The visitors and governors feel perfectly justified in recommending to the public, the talents, assiduity, and deportment of the faculty, employed to superintend the instruction of the pupils, as well as the discipline which has been adopted in the institution, and which is faithfully, mildly, but energetically enforced. The visitors have been unremiss in the accommodation of students coming from a distance; they are fully sensible of the tender solicitude of parents for the morals, the health and domestic comforts of their children, when separated from them; and have made arrangements, whereby students may be boarded in the most respectable families for 120 dollars; making the total expense for tuition and board only 144 dollars per annum. In consequence of the serious losses heretofore sustained by the institution from the failure of pupils to pay for their education, the visitors have deemed it expedient for sometime past, that the tuition money be paid quarterly in advance, and no pupil can be received into the College, without a compliance with this rule—a rule which most other public seminaries have found it necessary to adopt. The visitors and governors avail themselves of this occasion, to assure the public, that their endeavors to render St. John's College a blessing to the community, and an ornament to the state, shall be steady and unremitted; and they feel an honest conviction, that under the steady and energetic system pursued, St. John's will once more stand proudly amongst the foremost literary institutions of the land, again resume its ancient reputation and dignity, become the nursery of valuable citizens, for the commonwealth, and rear up from the rising generations, ornaments to their families, their college, and their country.
